Aviation is a joy I picked up in 2008 to enjoy the western outdoors with my family. See us at Grand Tetons!

I look forward to extend the passion to others. As a technically advanced skill piloting can be rewarding but also unforgiving for those who do not apply their skills right. I look to expand the pilot community with safety and authority in their flying

As a non-pilot if you are thinking of getting into flying or as a pilot looking to get a checkout or an additional certificate/rating drop me a line. Or you just want to chat on the process drop me a line.

***Aircraft:** Cessna 172, Cessna 182, Piper 180, Piper Arrow retract, Piper 235, Beechcraft Debonair, Beechcraft Bonanza, Beechcraft Duchess, Beechcraft Barron, Cessna 340A*

***Ratings:** Private, Instrument, Commercial, Multi-engine*
